HAKWOOD

HAKWOOD

Experience the art of craftsmanship with Hakwood's parquet tiles. Celebrating the beauty of European hardwood, each piece is hand-selected from the finest natural wood, meticulously finished, and crafted by our artisans in the Netherlands.

Merging traditional techniques with modern innovation, our parquet tiles embody strength, beauty, and the essence of woodworking, elevating and enlivening any interior.

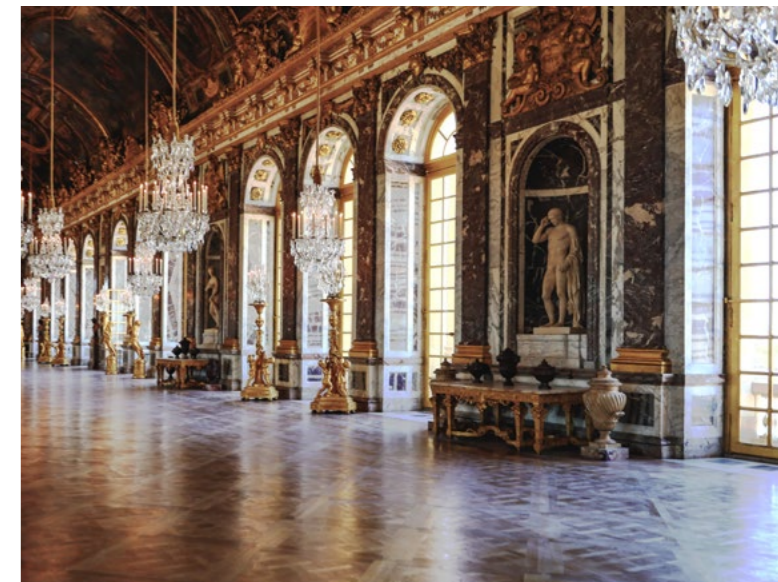

PARQUET DE VERSAILLES, HALL OF MIRRORS,  
VERSAILLES PALACE, 17TH CENTURY.

## Noble Roots. Timeless Traditions. Contemporary Inspiration.

Refined over centuries, the venerable art of parquetry has evolved from simple blocks of wood to intricate geometric designs that symbolize luxury and taste. Originating in 17th century France, the iconic "Parquet de Versailles" brought forth an era of unparalleled elegance with its unique and extraordinary European Oak patterns.

First found in the illustrious Palace of Versailles, parquetry quickly captivated European nobility, becoming a hallmark of opulence and refined taste in their stately homes.

Hakwood's collection is steeped in this noble tradition, capturing the splendor and architectural beauty of grand estates and palaces, infusing timeless allure into contemporary spaces, and providing inspiration for our collection's namesakes.

# Craftsmanship

“From our R&D Lab in the Netherlands to homes, shops, offices, and resorts around the world, we’re elevating interiors and bringing luxurious design plans to life.”

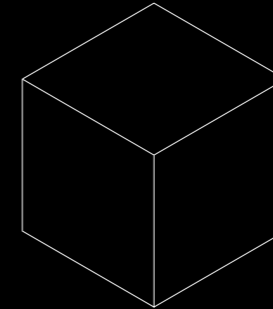

At Hakwood, each tile is meticulously handcrafted to meet precise specifications. Our skilled woodworkers, drawing on generations of expertise, fuse traditional craftsmanship with the latest technological innovation, including advanced CNC machining. This harmonious blend ensures seamless quality that is simply unmatched.

# Parquet Tile Collection

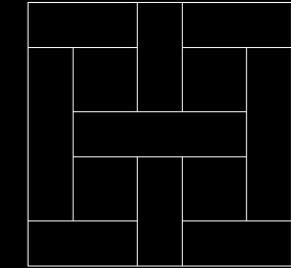

Select from the six tile designs offered in our collection, or partner with our experts to create a bespoke pattern of your own design. Leave your unique mark with our broad palette of colors and textures or opt for the classic elegance of a single colorway. At Hakwood, we're dedicated to bringing your unique vision to life.

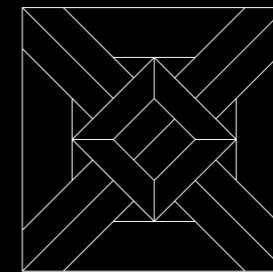

Alcazar

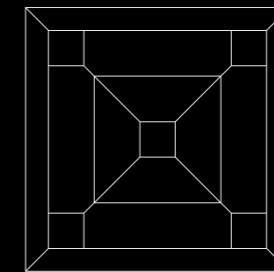

Versailles

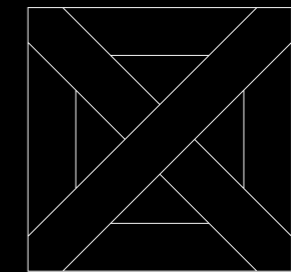

Vecchio

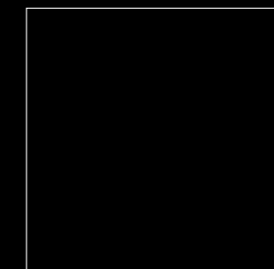

Chambord

Alhambra

Kensington

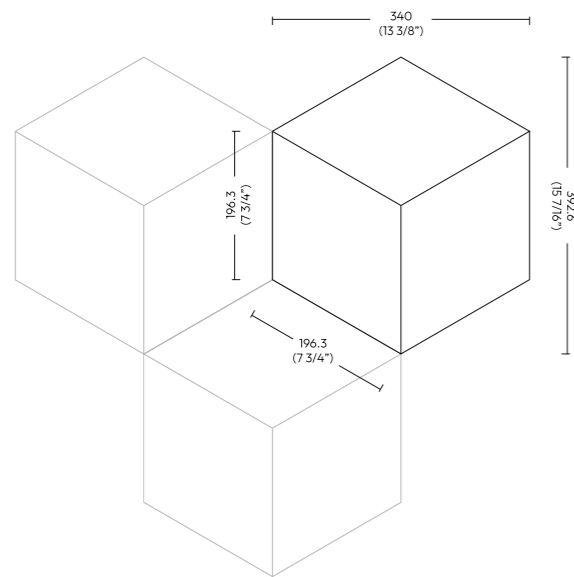

Bespoke

# Alcazar

Inspired by the heavily Moorish-influenced architecture of the Royal Alcazar of Seville, this parquetry tile references a pattern dating back to the 11th century. As striking now as it was at its inception, the pattern's angular isometric design and cubist sentiment are well-appointed in traditional and contemporary interiors.

CNC precision cutting ensures perfect connections and a consistently level tile, making installation seamless.

# Alcazar

European Oak, Forza

European Oak, Forza-Grotto-Husk

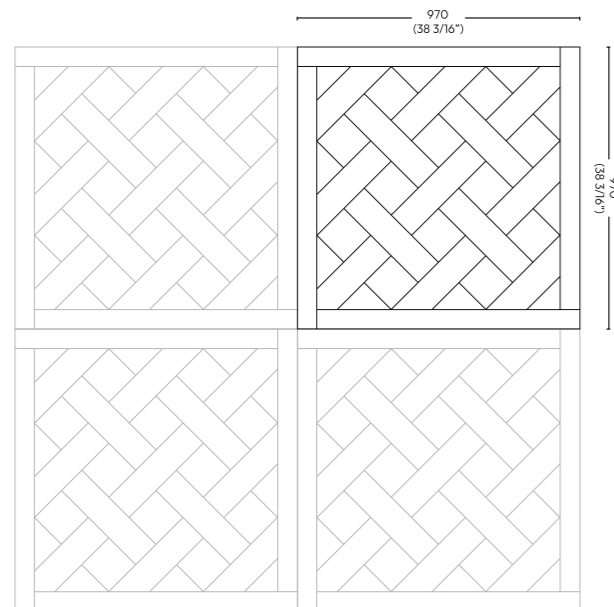

THE ROYAL ALCAZAR OF SEVILLE  
SEVILLE, SPAIN

# Versailles

When first revealed at the Palace of Versailles, this repetitious assembly of European Oak in a lattice design was nothing short of revolutionary. Traditionally arranged in a diamond formation originating from the hearth, Versailles parquetry adorns innumerable interiors, old and new, near and far, traditional and modern.

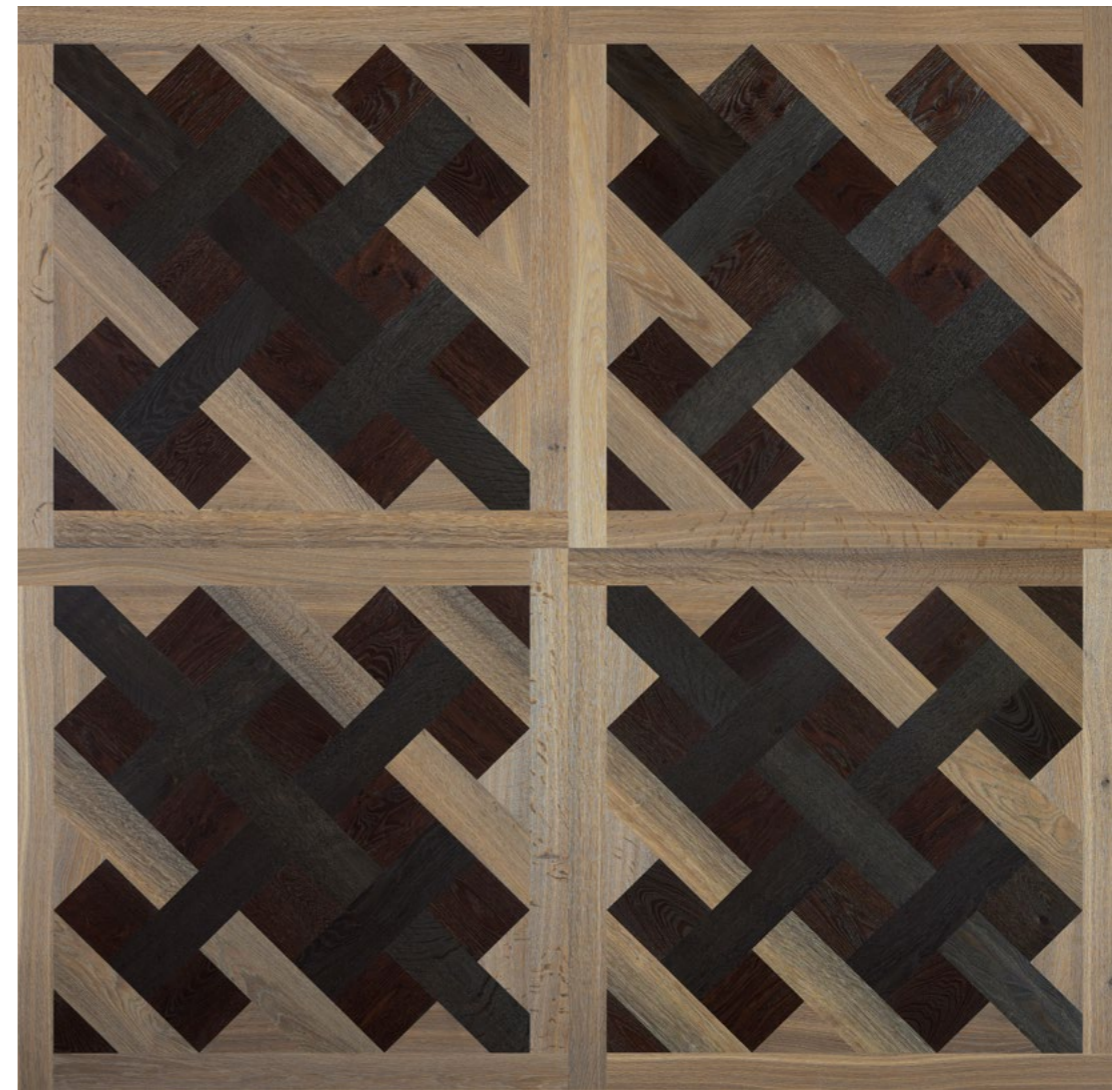

CNC precision cutting ensures perfect connections and a consistently level tile, making installation seamless.

# Versailles

European Oak, Sincere Brushed

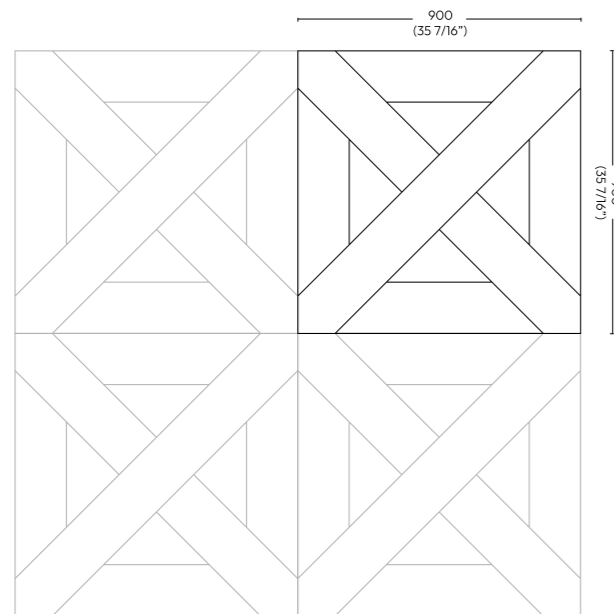

European Oak, Sincere Brushed-Thunder-Coco

# Kensington

Kensington eschews elaborate design to highlight simple geometry, particularly emphasizing a minimalist cross pattern whilst highlighting wood grain. Enhance the visual impact of the pattern with a high-contrast color variation or opt for a single-toned design to introduce subtle texture and richness to your projects. In either case, you'll achieve a visually striking flooring solution that effortlessly captures attention.

CNC precision cutting ensures perfect connections and a consistently level tile, making installation seamless.

# Kensington

European Oak, Valor

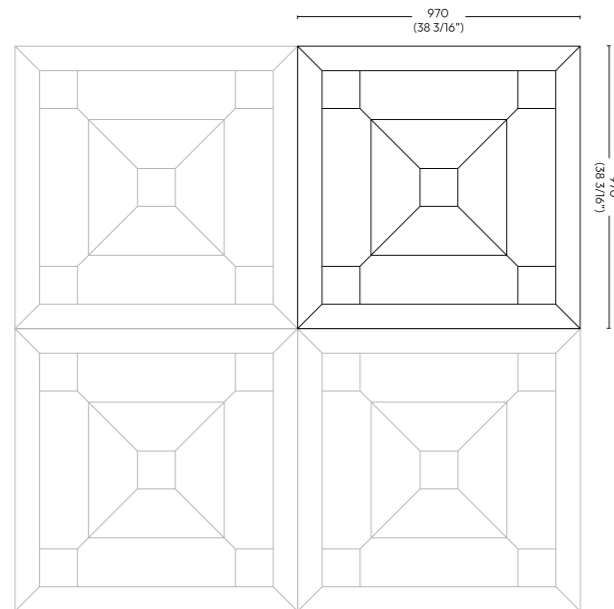

European Oak, Pure-Ideal

# Alhambra

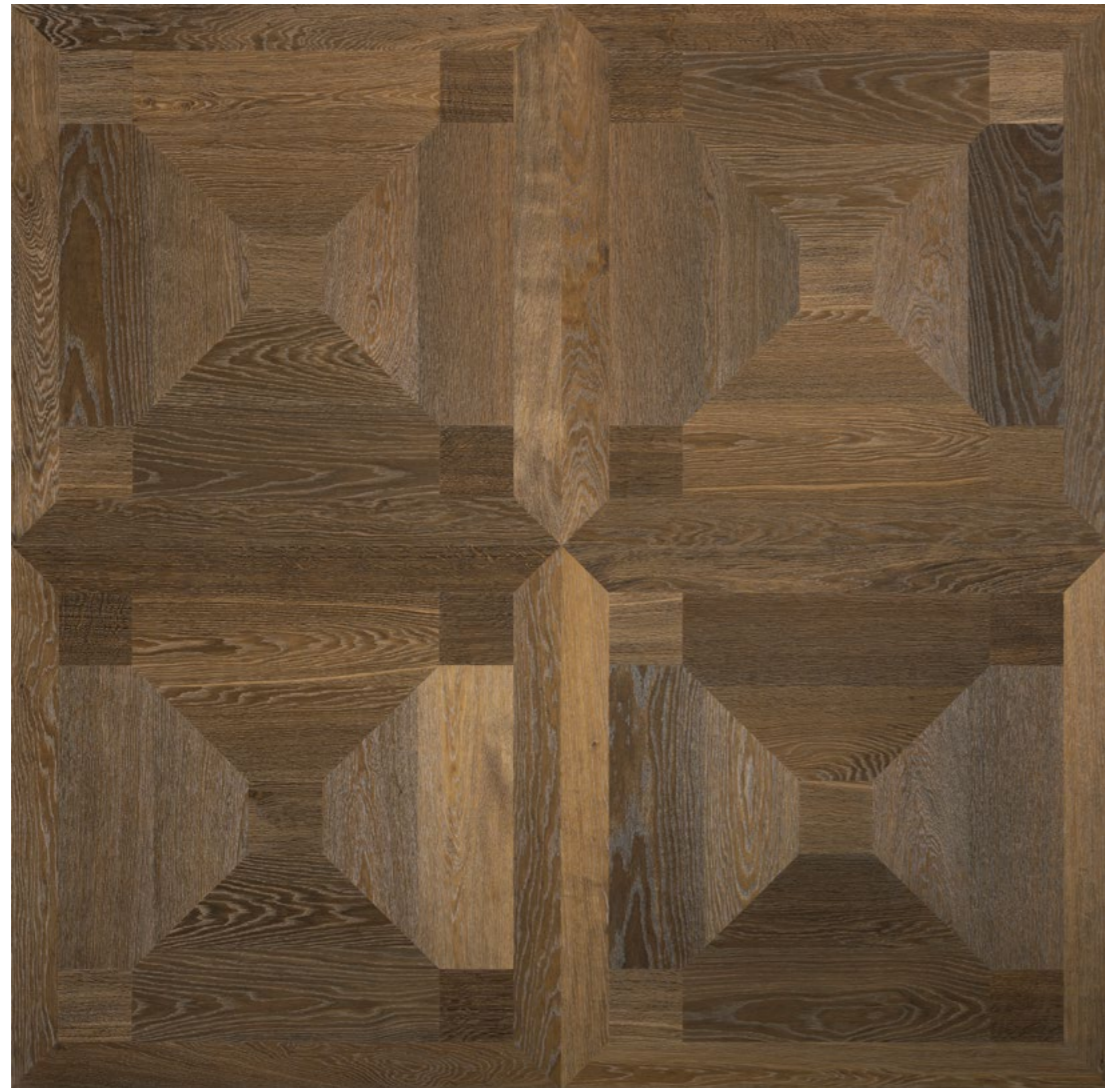

A source of inspiration across art, music, literature, and mathematics for centuries, Spain's Alhambra Palace embodies the essence of geometric mastery and precision, reflecting the influence of Islamic architecture. Our artisans have drawn from its iconic diamond carvings and symmetrical designs to create this namesake tile. The Alhambra tile, featuring interlocking squares and striking angles, infuses floors with intricate detail, depth, and a sense of dimension.

CNC precision cutting ensures perfect connections and a consistently level tile, making installation seamless.

# Alhambra

European Oak, Husk

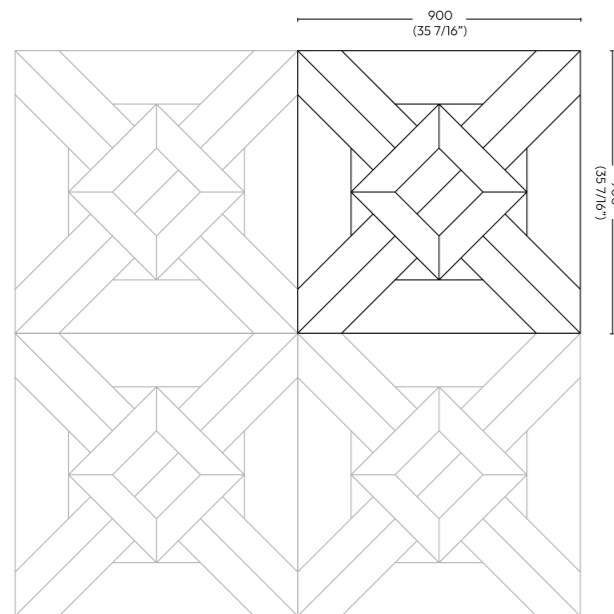

European Oak, Valor-Heritage-Tranquility

# Chambord

With decadent architecture and unparalleled detail, the Loire Valley's iconic palace is the perfect muse for our Chambord parquet tiles. A striking pattern mimics the lines of an aerial view, from corner towers to the geometric paths of the grounds beyond the palace walls.

CNC precision cutting ensures perfect connections and a consistently level tile, making installation seamless.

# Chambord

European Oak, Pure

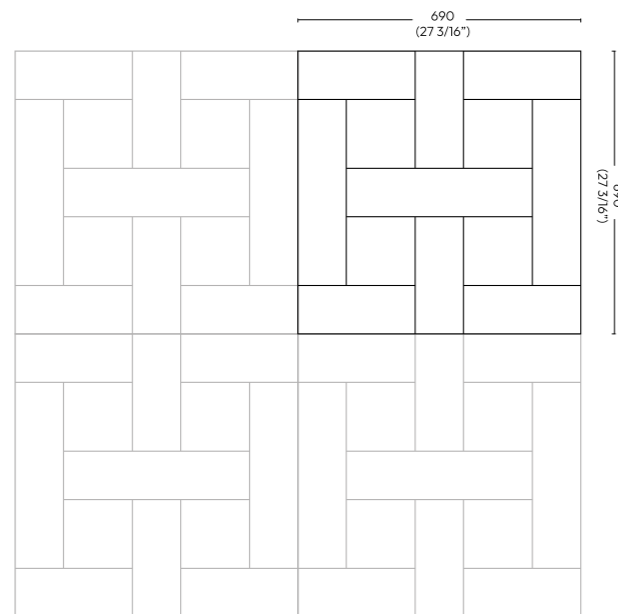

European Oak, Drift-Storm

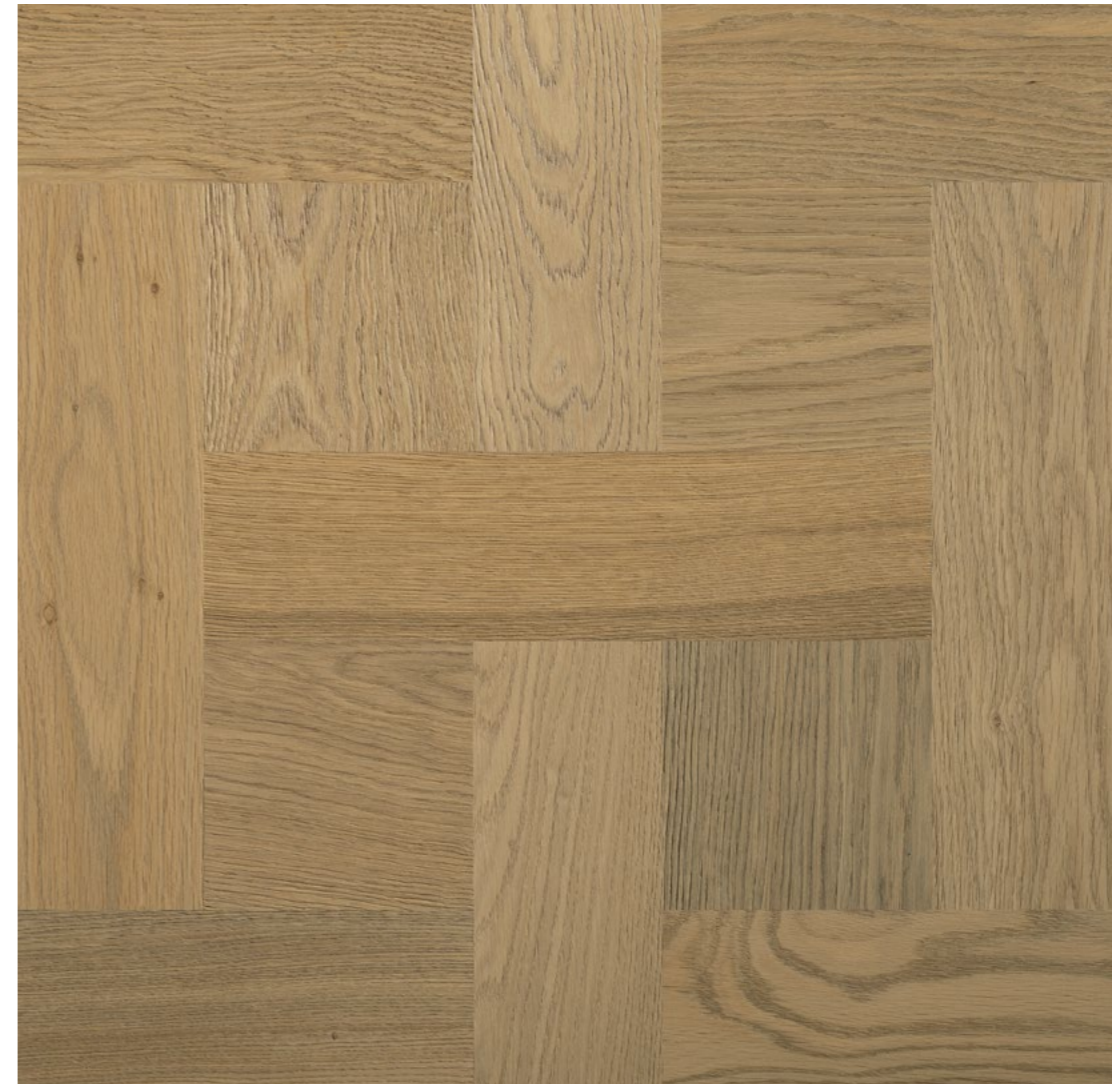

# Vecchio

Inspired by the parapets of Florence's signature palace, our Vecchio flooring boasts a simple geometry. Fitted together, the tiles create a grid-like pattern that's steady and grounding, with a sweeping diagonal for movement.

CNC precision cutting ensures perfect connections and a consistently level tile, making installation seamless.

# Vecchio

European Oak, Vanna

European Oak, Drift-Locke

## Elevating Interiors

We work closely with architects, interior designers, developers, contractors, and high-end builders to create customized wood solutions and help elevate any interior.

Our in-house R&D team, along with the best craftspeople in the industry, are proud to deliver made-to-order tile designs for the most discerning clients.

Our luxury parquet tiles adorn many of the most prestigious and inspiring interiors worldwide.

# Bespoke Services

## EXPERTS

Our full Research and Development department, complete with laboratory, is always ready to assist. The Hakwood team, comprised of chemists, skilled artists, and craftsmen, is eager and enthusiastic about bringing your vision to life.

## CUSTOMIZATION

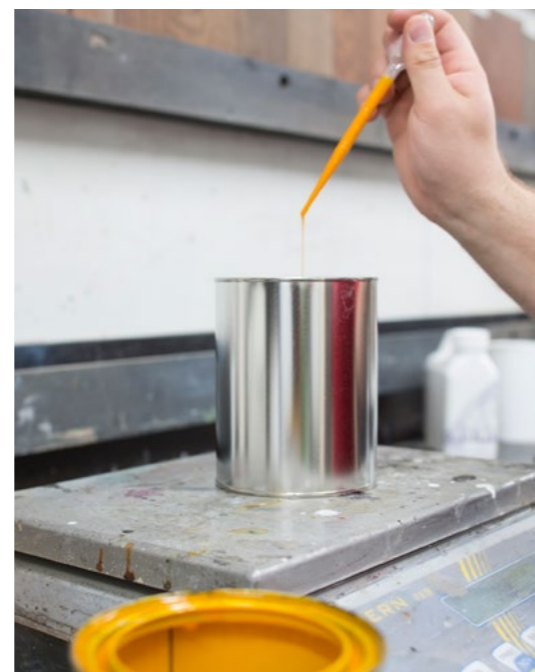

Our color services encompass custom color creation, fuming, and color matching. We offer a variety of bespoke texture options, such as wire-brushed and band sawn. Additionally, our specialty finishes range from oil and duovarnish to ultra-matte and high-gloss lacquer.

## EXPERIENCE

The Hakwood library boasts an extensive collection of over 4,000 bespoke colors, textures, and finishes. Our custom creations grace some of the most beautiful residences and prestigious projects worldwide.

Hakwood's library of thousands of custom colors, developed for unique projects around the globe.

Meticulous and calculated, our research and development team has mastered the art and science of customization. Discover what's possible with our team of experts at Hakwood.

# We care

## INTERNATIONAL STANDARDS

Hakwood products proudly meet the strict demands of international compliance standards. Our DuoPlank® flooring has earned certificates from around the globe, substantiating our unwavering commitment to exceptional quality hardwood flooring. Please inquire for further details and certificates at [info@hakwood.com](mailto:info@hakwood.com).

## GREEN AND SUSTAINABLE

The beauty of our flooring begins with the unique and natural essence of wood. We craft our products with the utmost respect for this naturally green and renewable resource. Most importantly, we make sure our products are built to withstand the test of time. Hakwood flooring is available FSC® certified upon request.

We test our products for performance to make sure they meet global standards for healthy interiors. For projects seeking BREEAM & LEED certification, please contact us for your specific requirements.

## CERTIFICATION

At Hakwood, we are committed to sustainability and to preserving the environment for future generations. Our products are constructed to endure and remain beautiful & functional for future generations.

We are proud to meet rigorous sustainability standards, including certification from the Forest Stewardship Council (FSC), and Environmental Product Declaration (EPD). Hakwood flooring solutions are designed to meet the standards of both LEED and BREEAM certification and actively support these programs.

## RESPONSIBLE SOURCED MATERIALS

Our products are made from responsibly sourced materials, and we are constantly working to reduce our environmental impact.

In addition, we use low emitting materials in all of our products to ensure the health and safety of our customers and the environment.

To further our commitment to sustainability, Hakwood has its own water treatment plant for the stain residue and cleaning water when staining, ensuring that we minimize the impact on the environment.

## WE (RE)CYCLE

We take a proactive approach to reducing our carbon footprint in our daily operations. We not only recycle various materials but, in line with the Dutch spirit, we also embrace sustainable transportation, using bikes to move between our factory halls. It's just one more (fun) way we embody the sustainable spirit.

# About Hakwood

Hakwood, a Dutch family business since 1979, is a global leader in luxury wood flooring design and manufacturing. Led by Mark and Robert Hak, each generation contributes unique skills to the company's success. Our exclusive wood flooring solutions are designed and produced in-house by our R&D team and skilled craftspeople, combining traditional hand-made techniques with high-tech machinery for precision.

We prioritize the natural qualities of wood, including warmth, richness, diversity, and strength, using only the finest European Oak & Ash.

Attention to detail is crucial in bringing out the wood's best, with a meticulous production process that includes up to six months of natural drying in the Netherlands. We believe in letting the wood rest before carefully optimizing its moisture content in our kiln, ensuring a perfect blend of craftsmanship and precision.
